Editorial Policy

We view the integrated report as a media to encourage a constructive dialogue with all stakeholders. This report was made to provide a comprehensive and easy-to-understand story of how our value creation journey relates to the current business platform and where are we heading for, along with current issues and measures. In this report, we also displayed how our core values, long-term vision, materiality and strengths are incorporated into our management strategy.

<Outlook Disclaimer>

This report contains statements such as plans and management strategies concerning future business performance outlook. They are based on our assumptions and forecasts derived from information currently available. In the future, the results of outlook may differ significantly due to factors such as changes in social and economic conditions. The Company assumes no obligation to update information regarding changes in its outlook.
